FUTURE NOW!

Tomorrow Starts Today!

ABOUT FUTURE**NOW!**

The **FutureNow!** is the educational youth program of the African Resource Center. We connect students with mentors and tutors who coach them on social life skills and on how to achieve academic excellence.

The **FutureNow!** activities are carried out in-person and online. Timely field trips are part of the curriculum. We collaborate with parents, mentors, and volunteer tutors to optimize the learning experience of our students.

"Education is the most powerful weapon which you can use to change the world"
- Nelson Mandela

"It takes a village to raise a child"
- An African Proverb

STUDENTS

If you would like to see a dramatic improvement in your grades at school and you are not afraid to spend just one hour each day learning English, Math, or Science, then, the **FutureNow!** may be a good fit for you.

MENTORS

Consider volunteering to serve as a mentor to a student in our **FutureNow!** program. Our students need role models to help them navigate the social and educational demands in the North American culture.

TUTORS

Although some of our students speak four or five different languages, most of them still need help to understand and speak English proficiently. We need volunteers to teach Language Arts, Math, and the Sciences.
